The Players Tournament—How it works and what to expect

- * This is a Singles Tournament.
- * Entrants are distributed across three groups based on GTCDA PPA or known skill level
Group A, Group B, Group C.
- * Elite Entrants are limited to Group A and/or Group B by their Elite status: A or B.
Prizes are distributed equally among all three groups.
- * Competition is weighted by game played:
Group A, 501, Group B, 401, Group C, 301. All games Single In/Double Out.
 1. Group A entrants will start on 501 against all players regardless of opponents Group rank.
 2. Group B entrants will start on 501 against opponents who are in Group B and Group C,
Group B will start on 401 when playing an opponent from Group A.
 3. Group C will start on 501 when playing an opponent from Group C, 401 when playing an
opponent from Group B, and 301 when playing an opponent from Group A.
- * The Top 4 Entrants in each Group will play a Single Elimination knock-out tournament for the
available prize money in their respective Group
- * Points system: Placement in the final four brackets is earned through winning points during the
Finals Qualification portion of the tournament.
There is a 10 point bonus for winning a match in addition to points for winning games.
Points per game win:
 1. Group A players will receive 10 points per win regardless of who they play.
 2. Group B players will receive 10 points per win if playing entrants in Group B or C,
and will receive 15 points per win when playing anyone from Group A.
 3. Group C players will receive 10 points per win when playing anyone in Group C, 15
points per win when playing anyone from Group B, and 20 points per win when
playing anyone from Group A.
